Good Times for Office Holders.

Our Common Council, at their special meeting on Friday evening, finding the money easy, the Treasury flush, and the city free from debt, resolved, with characteristic liberality, to raise the salaries of all our city office holders. They accordingly fixed and determined the salaries as follows:

City Comptroller,	$3,000 and $1,000 clerks hire,
City Clerk,	" " "
City Attorney,	2,500 and $200 office rent,
Police Justice,	2,000,
Chief of Police,	2,000,
Marshal,	800 and say $1,500 in fees.

The salaries of the Police Justice and Chief of Police are about right. These officers earn their money. Those of the Comptroller and City Clerk strike us as rather too high, tho' both, it is not to be denied, are laborious and responsible offices. But $2,500 to the City Attorney and $800 to the City Marshal is out of all proportion to the services rendered, or the responsibility involved, and is mere wanton waste of the people's money.

The Last of the "Plug Ugly" Story.

The "Plug Ugly" story, published in the *News* some days since and which that philanthropic and right-judging organ was laboring to turn to political account, has met with a sudden and effectual extinguisher. In the *News* of Saturday, Mr. GARRET BARRY, who is understood to have been the author of the first communication on the subject, thus frankly and explicitly withdraws the charge therein made:

MESSRS. EDITORS:—I am happy to state, after an explanation to me by others, who have investigated the matter, that the supposed insult to the Irish and German companies was what is called a *Tyger* and intended to them as a greater compliment. Our Irish and German fellow citizens being unacquainted with this mode of cheering, I am authorized to state, that it was given with the most friendly intention. It is gratifying, no doubt, *to* our citizens at large, to learn that "Plug Uglyism," not having, as yet, made its appearance in Milwaukee, will confine itself to times more worthy of the name.

GARRET BARRY.

This satisfactory and undoubtedly truthful explanation of the alleged "Plug Ugly" insult to our Irish and German companies, will relieve the *News* from the necessity of hunting up its "hundred reputable citizens" to swear to the story of the outrage, and will render it unnecessary for the *Sentinel* "to defend," (as the *News* had it.) "the drunken orgies of any of its followers and retainers, and to excuse as venial, if not justifiable, their hootings at respectable Irish and German military companies of the city"—inasmuch as none of these things had any existence save in the morbid imagination of the *News.*

THE NEXT CONGRESS.—Of the members of the next House of Representatives, 171 have been elected, of whom 78 are "democrats," 91 Republicans, and 2 Know Nothings, and there are three vacancies to be filled in the States which have elected.

The States still to elect are as follows. We give them with an estimate of the probable result, made up the Detroit *Free Press:*

	Dem.	K. N
Maryland........	3	3
North Carolina........	6	2
Georgia........	6	2
Alabama........	7	
Texas........	2	
Louisiana........	2	2
Tennessee........	6	4
Kentucky........	6	4
Mississippi........	5	
	43	17

RECAPITULATION.

Democrats........	121
Republicans........	91
Know Nothings........	19
Vacancies........	3

That is, if the result in the States still to elect should come out as estimated, which is probable enough. At all events, the sham democracy and the Southern K. N.s will have it all their own way in the next Congress.

The delegations from the free States stand as follows:

Republicans	90
Democrats	52
Rep. Maj.	38

THE ARMY FOR UTAH.—Our Missouri friend would doubtless like to have an army fitted out every year within their borders. The amount of funds disbursed in fitting out a force of 3000 men for such an expedition is very great. During the period from May 5th to July 3d, the number of horses purchased amounts to 302, number of mules, 234; number of wagons, with harness for six mules teams, 325; total number of Quartermaster's and Commissary's stores, purchased and shipped, 5,750; number of bushels of oats, 15,000; bushels of corn, 70,000; steamers engaged, 45; and number of teamsters employed, 200. The value of the Quartermaster's stores is $700,000, and that of the Commissary's stores $328,000.

It is thought that nearly a million and a half of dollars will be expended in Missouri, in fitting out the expedition.

THE UNITED STATES ARMY.—The standing army of the U. S., as now organized, numbers 17,86 men, if the companies were all full to the number authorized by law.

The whole number of recruits for the six years ending Sept. 30, 1855, was 30,006. During peace, by far the greater number of these are aliens by birth, but in time of war, the native citizens are largely in excess.

The tallest soldier in the army is a Georgian, standing 6 ft 6½ inches.

RECEIVERS OF STOLEN GOODS.—It is said that there are 33 places in New York, know as receptacles of stolen goods. The system by which the business is carried on is such that goods brought in are so changed within a few hours that their owners could not identify them. All plate brought in, is melted at once into bars.—The rascals keep up a mutual benefit association, to employ counsel to keep them clear of prison.

THE CAPITAL OF MINNESOTA.—Application has been made to Judge Nelson, of Minnesota, for a peremptory *mandamus,* to compel the territorial officers to remove to St. Peter, by virtue of the act of last winter, providing for the removal of the capitol.

REDUCING THE FORCES.—The N. Y. Central R. R. Co., discharged about 500 employees on the 1st inst; the usual falling off of business in the summer enabling them to make this reduction of force.

THE WEIGHT OF COMETS.—M. Babinet, a French philosopher, estimates that a comet, of the size of the Earth, would not weigh more than 64,000 lbs

A NOBLE LETTER FROM A BOSTON BOY.—Mr. Custis, the adopted son of Washington, and the only surviving member of his family, possesses an old trunk containing documents, papers and accounts relating to the estates of the father and grandfather of its present possessor, upon which estates Washington administered. Some of these papers date back as far as 1760, or almost a hundred years ago, such date being one year after the marriage of the Provincial Colonel in 1759.

The papers are put up in the neatest manner, the accounts, accompanied by their vouchers, are settled up to a single farthing, the whole forming one of the most admired business-like arrangements that can be imagined.

It is from this venerable memorial of the *Pater Patriae* that the last survivor of the domestic family dispenses relics in scraps of the great man's writing, all of the aforesaid papers being labelled or endorsed by his hand.

Some time ago Mr. Custis received the following letter from a little boy in Boston:

"BOSTON, February 16, 1857.

"SIR:—I have read the Life of Washington and wish I could be like him. I shall try and live to be as good a man as he was. My father says you are his adopted son and a good man.—I know you must be if you are descended from him, and noble and honorable. I am now in my tenth year, and don't know that you will take any notice of a little fellow like me. I should like to see you, for I know I should love you. My grandfather was a soldier in the old war.—I should like to have a letter from you. Will you write to me and send me something that Washington *has done* or *seen?* Have you got a piece of his handwriting that you will send me? I should be so glad to have it, and will always love you and thank you for it. This is the longest letter I have ever wrote; but I don't care, if you like it; so, good-bye.

WILLIE PEARSON FAY.

A piece of Washington's manuscript was selected by Mr. Custis, and sent to the boy.

THE MINNESOTA MINE.—A correspondent of the Cleveland *Herald,* writing from Ontonagon, says that the original cost of the Minnesota mining property to its stockholders was only $66,000.

From it have been formed the Rockland, Superior, Flint Steel, Peninsula, Lake Superior, and all represent a value, in the aggregate of $5,330,000. The Minnesota has paid in dividends to stockholders, $660,000, and the market value of its stock is, as we are told, $3,650,000. The copper got out by the Minnesota mines last year was twenty-two hundred tons; worth, on the dock, about $425 per ton, or in the aggregate $935,000. The product of the Minnesota alone this year will reach a value of $380,000. The copper is of rare purity, much of it being as high as ninety-five per cent., and commanding $550 per ton.

SHIP BUILDING IN MAINE.—The Portland *Advertiser* says that there are forty ships and barques, besides the smaller vessels, either launched or to be launched in the State, during present season. Of these, twenty are on the Kennebec river. Seven or eight ships and barques have been launched or are to be launched in the Waldoboro district this year. On the Penobscot river, says the Bangor *Whig,* there are two at Belfast, two at Castine, (one launched and the other on the stock,) and we think one in Searsport—besides a number of brigs and smaller vessels at different points on the river.

LARGE IRON ESTABLISHMENT AT LAKE SUPERIOR.—A late Lake Superior paper informs us that an extensive iron smelting establishment is to be built immediately on a plot of 4,000 acres adjoining the Jackson Iron Mine. Two charcoal stacks are to be erected, and twenty tons per day will be manufactured. The Company building these works is headed by William Pearsall and Charles T. Harvey. They have a capital of $123,000.

PROFITS ON TOOTHWASHES.—The American *Agriculturist,* having analyzed one of the popular toothwashes, says it is composed of water, slightly tinctured with muriatic acid, and a barrel of it would cost about 75 cents. The cost of the vials and filling is 1 1-4 cents each. It is sold at 25c per vial. A reasonable profit certainly.

IMMIGRATION AT QUEBEC.—The number of immigrants arrived at Quebec, to the 3rd of July, for this year, is 19,681.

QUICK TIME.—The Cleveland & Toledo Railroad, now runs one of its trains 112 miles in three hours and fifteen minutes.

Important to Pre-emptors.

The following circular has been issued by the Commissioner of the General Land Office, and by this time, has doubtless been received by the District officers in Minnesota:

GENERAL LAND OFFICE,
June 22, 1857.

To the Register and Receiver at ———, Minnesota.

SIR:—I am directed by the Secretary of the Interior to instruct you not to allow any pre-emption claim, predicated upon a settlement made *within four months* of the receipt of this letter, on any of the lands withdrawn from market, in view of the provisions of the law of 3d March last, making a grant of land to the Territory of Minnesota for Railroad purposes.

Acknowledge the receipt of this letter.

Respectfully,
THOS. A. HENDRICKS, Com.

SINKING OF THE ROSALIE.—On Saturday morning last, as the steamboat Rosalie was coming over from Dubuque to Dunleith, she struck a pile of rocks that had been thrown into the river by the people of Dubuque, in order to turn the channel of the same. No damage to the boat, however, was discovered until she landed at Dunleith, alongside of the freight depot, when she commenced sinking, and in fifteen minutes went down to the cabin floor. She now lies with about twenty feet water on the outside and about eighteen feet on the inside. She had a very heavy load of freight, and over one hundred passengers. It is supposed that no lives were lost. The Rosalie hailed from Fulton City, being one of the People's Line of Packets, running from that place to Saint Paul.—*Galena Advertiser,* 6th.

It is stated that one of the passengers, in endeavoring to throw his over-coat ashore, lost it, with $2,500 in gold, which he had placed in one of the pockets.

THE STEAMER AQUILLA.—This boat which was last week sunk off Long Point in Lake Winnebago, has been raised, and brought safely into the river at this place. She will be hauled out and repaired immediately, so as to resume her place in the line between this and Green Bay with as little delay as possible.—*Oshkosh Cour.*

For the Sentinel.

Wisconsin in Prospective.

If it is at all safe to indulge in speculations regarding the future prosperity and advancement of any state, we are certainly guaranteed in making large estimates for ours; although they may at first seem unreal, yet a little investigation will result in an entire conviction of the truth. How noble is our whole state in her entire length, and breadth; what portion of it is there, that does not contribute largely towards making up of a gigantic whole? Where is there a climate in all the world which is so healthy, the whole season through, that combines an equal amount of heat necessary for maturing the crops, with such cool delightfull breezes? Then the great water privileges we enjoy; every part of our state being abundantly watered, renders it well calculated for grazing and wheat growing; our production of the latter will excel all other states in the Union, within three years, being now only third or fourth, and yet so young a state. Our rivers, being numerous and navigable, afford great advantages to Farmers and merchants in the interior, for getting their produce into market at a slight expense, thereby making them safe and bountiful returns for their hard, though honest and independent labor. What state so rich in wealth of Timber, which being cut, commands so high a price when sent to market; proving that the land, which grows tall and heavy wheat, from small grains also grows tall Oaks from little Acorns; there being nothing too rich or thrifty for her deep and loamy soil.

Our farming is comparatively in its infancy.—The general character of our country is such, that we can employ machine labor to great advantage, and ere long take hold more extensively of the means art has placed in our way, to reap crops, which without this efficient aid, would be folly to undertake by manual labor in the usual way. We want only a little time, to place ourselves on an even footing with our old and wealthy competitors of the East; then, when the tug of war comes, and our sturdy yeomen put their stalwart shoulders to the wheel, Dame Fortune will crown their efforts with an avalanche of success, which if it does not surprise them, will prove that this State, "though one of the youngest," is still one of the richest in her agricultural resources. Iron, Copper and Lead we have in great abundance, the quality of the former being inferior to none in the world, even the famed Welch Iron hardly holds its own in a fair comparison.

Consider but for a moment our commercial advantages, with our head reclining on Superior, one shoulder resting on a magnificent Lake, the other on the very King of rivers. Who is there so dull, as not to appreciate such a position? We intend to prove that we see and understand it, and are fully awake to our future prestige. In face of all this, taking into consideration our rapid increase within the last three years, what may we not expect in the ensuing five years? I ask, can we make a mark *so high* that we will not entirely overreach it?

T.

The Great West.

The following extract from a lengthy and able article in the Baltimore *American,* shows that the unequalled growth, the substantial prosperity, and the future influence of the great West, are gradually impressing themselves upon the people of the Atlantic border. Were the Congressmen from the West as united in favor of measures for the good of their constituents, as their Eastern brethren have always been, we should not have been overlooked, and our claims slighted by successive administrations:

"The West is a great world, perhaps scarcely comprehended even by the keenest of the men of forecast and energy who have grown up in its midst, and partake of the amazing energy that is a natural characteristic of its atmosphere, and certainly to the great bulk of the people of the Atlantic slope, an enigma which foils their astuteness by a vastness that allows of no stand point from which they may grasp its colossal proportions and subject them to the specific examination necessary to a right estimation of the whole. But in the West itself, the mind has the aid of actual impressions, and its conclusions are enlarged by the verification of personal examination, and it then learns to give due significance to the impressive facts that there—in the West—is concentrated the producing capacity of the country; that there will soon be located the majority of our population, and that there will be the seat of the political power and the business supremacy of the nation, there the true empire of the Republic.

We may not now recognize the fact, but it is nevertheless a truth that the next 20 years will develop, with all the impressiveness of an important reality, that beyond the Ohio, and in the great central basin through which the Mississippi rolls, and into which are poured the streams that gather East in the Alleghanies, and West in the Rocky Mountains, is concentrating and increasing, fed by a mighty volume of emigration, with a rapidity that in any other country would appear miraculous, the population which is to govern this country; under whose control, tempered by the sovereign rights belonging to all portions of a free people, will disappear our present sectional distinctions of North and South, and we will learn to look to the West as the central and sustaining power of the country, unlimited in its capacity, and unshackled in its beneficent influences upon the Republic and the world.

The people of the West seem to understand how great is the prospect which the future holds out as the sure accomplishment of their destiny.

Amid so much that tempts to extravagance, both of thought and action, we may expect to find something of unsound speculation and of ill-directed effort that goes beyond and defeats its own purpose, but these are the mere froth and foam of the surface; the steady current runs on, powerful in its unobstructed strength, gaining weight and momentum as it advances, and reaching surely and rapidly to the ultimate accomplishment of its object. The western man, with the substantial evidences of this astonishing progress constantly before him, talks assuredly of the grand destiny of the West, and presents his views in what appears the mere vauntings of a sectional and social egotism, until better information forces upon you the true relative position which he and yourself occupy, and his boastings become verities, authenticated by past knowledge, and more than verified in each day's progressive experience. It is well for us that this unlimited growth of the West brings with it no inferiority or decadence for the East—that though we cannot found new States nor reclaim from their non-productive ruggedness vast territories, that yet, as the factors of the West, and, to a large extent, the manufacturers of its raw material, we must share the results of its greatness and grow more and more prosperous in an enjoyment of the wealth and progress which belongs with us to a common country.

THE POWER THAT RULES NEW YORK.—In an article on the subject of the late riots, the New York *Express* gives the secret of the origin of all the trouble. Perhaps we should not say the "origin," for that must be charged to the dishonest and corrupt officers whose conduct encourages the riots; but the *material* of the army of rowdies, is thus accounted for:

The *rum-hole power,* in producing the elements of riot in a city like this, is one of appalling magnitude, when it comes to be statistically looked into and understood.—as for instance, in an enumeration of its relative strength in the metropolis and suburbs,—that is to say, within an area which the eye may take in from the upper loop-hole of Trinity Church steeple.

In New York	7,000	grog shops.
In Brooklyn	2,000	"
In Williamsburg	1,500	"
In Jersey City	400	"
In Hoboken	100	"
Grand Total	11,000	"

These eleven thousand dram shops, we fear, deal out more *devil* on such a night as that of Friday last,—or on such days as the Fourth of July,—than our five hundred churches and four thousand clergy can exorcise in a month.

A FLOATING WRECK.—The wreck of the brig Reuben Carver has been drifting about for several months in the track of the vessels bound to the West Indies, and has been repeatedly fallen in with, at different times and in different latitudes. She has been several times reported, both at foreign and domestic ports, in some cases twice by the same vessel, and has already acquired a mystic character among seamen. Although abandoned in February last—nearly four and a half months ago—the old hulk still continues to float, a memento to those sailors who transgress the motto—"Never give up the ship!" She was bound from Jacksonville, Fla., to Martinique, and was in collision with the ship Ina Russell. At that time she was momentarily expected to sink, but "she still lives."

EXHIBITION AND CONCERT!

By the Wisconsin Institute for the Blind.

We are requested by the Superintendent of the State Institute for the Education of the Blind, to announce that he intends visiting Milwaukee on the 17th & 18th insts., with a class of his pupils, for the purpose of giving our citizens an opportunity to witness their progress in the several departments of instruction.

To this end he will give a public exhibition of the attainments of the pupils at Young's Hall, on the evening of Friday (17th inst.,) commencing at 8 o'clock—the exercises to consist of reading by touch from the Scriptures in raised letters, writing, recitations in Geography, Arithmetic, Algebra, etc., together with performance of a variety of pieces of vocal and instrumental music. *Admittance Free.*

This exhibition will be succeeded on Saturday, (18th inst.,) at the same place by a concert of vocal and instrumental music, to be given by the pupils, under the direction of the Professor of music in the Institute—the proceeds to be applied to the defraying of travelling expenses.

As the object of these entertainments is to extend a knowledge of the operations of the Institution in which the whole State, as well as the blind, are deeply interested, it is hoped they will be fully attended.

BANK OF GRANT COUNTY.—The Platteville *American* says that the Bank of Grant Co., is in no wise involved in the failure of the Bank of Commerce of Chicago. It says:

Fifteen hundred dollars of its circulation has been retired and there are now $59,000 of bonds to secure $47,000 of bills, which at the very lowest New York prices make the bills worth 102 cents on the dollar. There are abundant means on hand to promptly meet all calls of depositors, the bills are par in Chicago, and no Bank in the State rests on a more secure basis.

Lawlessness in Iowa—Sharp Work in Cedar Co.

Still Later—Great Excitement.

[From the Tipton Advertiser, July 4th.]

THURSDAY, 1 o'clock P. M.

Word was brought to Tipton this morning, that Gleason and others were in the woods three miles below Tipton. Immediately large numbers of men started in pursuit, and at noon returned with Alonson Gleason, Ed. Soper, and Van Ausdel in custody. They were in charge of the Sheriff, who headed the posse. When the posse entered the town, they were led by the martial band of music, and was composed of about two hundred men all armed to the teeth. The prisoners were in the centre of a hollow square, of the footmen, who acted as their guard. Behind them followed a long train of horsemen, and then a train of wagons all filled with men.—Another large posse have just left in pursuit of others concerned in stealing horses. Great excitement exists and is increasing rapidly. Our town is filled with hundreds of armed men.

THURSDAY, 6 o'clock P. M.

STILL LATER.—The last posse which went out from Tipton, returned about 6 o'clock, having Walter Cassidy in custody. He was taken with the horse stolen from David Wright on Monday evening in his possession. He says he went in search of it for Mr. Wright and found it. He was called up before Squire Long for examination, which was adjourned until Monday next.—His wife made a complaint against him to keep the peace against her life, and swore he did steal the horse, and was taking it back to get the $50 reward.

Ed. Soper and Gleason, as well as Cassidy, are still in custody of Sheriff Birely.

The town is full of men and still more are coming from the country. Men of all ages and classes. It is believed that at least one thousand men will be here before morning, and will hang all three of the prisoners now in custody.

Great excitement prevails, and it is still on the increase.

FRIDAY MORNING.

Last night, about 1 o'clock, a mob numbering several hundreds went to the Court House, where the prisoners were placed under a strong guard, and took Gleason and Soper, and then left for the country. Sheriff Birely and the guard made a desperate resistance, but it was useless against such numbers. Gleason and Soper are probably hung.

We have just taken a view of the Court room where the prisoners were placed. The door is broken, the stove, tables and other fixtures are broken and thrown around, giving evidence of a hard struggle between the Sheriff's guard and the mob.

FIRE—HEAVY LOSS.—The extensive Shingle Factory on East river, in this city, owned by Mr. J. Ingalls, was discovered to be on fire about 5 o'clock last Friday morning, and before our Engine Company and citizens could reach the spot, the fire had made such rapid progress, that all attempts to stop it proved useless, and the building, with nearly all its machinery, was entirely consumed.

CAUTION.—We are informed that parties in this city and Howard (strangers) are buying up large quantities of the old Wisconsin (Green Bay) bank bills, and as these bills can be of no earthly use, except for deception, we caution the public against any fraud that may be intended.

AFFRAY.—An affray occurred at a saloon on the corner of Washington and Cherry streets, on Tuesday night last, in which one individual received a stab in the head, and another had the four fingers of one hand cut to the bone. A dispute arose over a game of cards, as we understand, and a fight commenced between two of them, when one—a stranger black-leg, who has been prowling around the city for a few days back—drew a knife and stabbed his opponent in the head; the third man took hold of the blade of the knife to prevent a repetition of the blow, and received the wound in the hand.

SHIPMENTS FROM JANESVILLE.—The following are the gross amounts of the shipments of several different kinds of produce from Janesville by railroad to Milwaukee and Chicago during the month of June:

Pounds of merchandise,	6,348
" Rags,	4,000
" Hides,	11,500
" Feed,	4,020
Bushels of Wheat,	46,487
" Corn,	8,030
" Oats,	8,320
" Potatoes,	500
Barrels of Flour,	2,050
Car loads of Reapers,	30

We are indebted to the agents of the depots on the Milwaukee and Chicago railroads for the above statement. The value of the articles produced in this city, and county adjoining, which are shipped from this point, is not less than $100,000 for the month of June.—*Janesville Gazette.*

CROPS IN KENOSHA CO.—During the past week we have been through portions of this County, and have taken note of the appearance and prospects of the growing crops. We have seldom seen Wheat, Barley, Oats and potatoes look more promising than at present. There is a luxurious growth of grass on the ground—thick and of good height. Corn is backward, but the warm weather that we are now having will bring it forward. *Kenosha Telegraph.*

FROM THE FRONTIER.

Important from the Sioux Agency—Inkpaduta's son Shot.

From the St. Paul Times, July 7th.

Mr. Brown, an Indian trader at the Sioux Agency, arrived in this city yesterday, having left the Agency on Thursday morning last.—From Mr. B., we learn some interesting facts connected with the death of a son of Inkpaduta, the notorious leader of the band of cut throat savages whose depredations now form so sad a page in the history of the West.

On Monday last, the 29th inst., Mr. Flandrau, the Agent for the Sioux, received intelligence that three Indians, members of Ink-pa-du-ta's band, were lurking in the neighborhood of the Yellow Medicine Agency. He immediately despatched a trusty Indian to the band suspected of harboring the murderers, and upon his report that a son of Ink-pa-du-tah was certainly in the neighborhood, and probably two others of the band, Mr. Flandrau promptly and secretly formed his plans to arrest the murderers.

The Indian killed was a son of Ink-pa-du-tah, who having married with the Annuity Indians, at the time he was killed, was on a visit to his father-in-law. He is the identical savage who dragged Mrs. Noble from the lodge of the Yankton Chief, purchased her, and after satisfied his hellish appetite beat her to death with clubs.

WISCONSIN BANK.—The card of this new banking institution, under the name and style of the Wisconsin Bank of Madison, appears elsewhere in our paper. It has opened under the most favorable auspices, and cannot fail to secure a good share of the business of our city.—With a capital of $100,000, and Mr. M. D. Miller for President, and Noah Lee as Cashier, the former of whom is well known for his integrity and business promptitude all over our State, and the latter for his extensive and accurate banking experience at Albany, N. Y.; backed by such directors and stockholders as L. J. Farwell and D. C. Jackson, of Madison; Hon. Amos Tuck, of N. H., and Hiram Miller, of Troy, N. Y.; this new Bank will at once take a commanding position, not only in our own city, but throughout our State. It will soon increase its capital stock to $500,000, and has already established in advance an enviable reputation with eastern banks and capitalists.—*Madison Argus.*

AN EXTENSION CALLED FOR.

THE FIRST DAY OF JULY has arrived, and ERVING, BURDICK & Co., have found it impossible to complete their *Directory,* and they ask of an indulgent public a few days farther extension of time.

We have been greatly delayed in issuing it by the unprecedented amount of press work required to be done in the *Sentinel* office for the last two months—all their Steam Presses having been greatly overtaxed with work, requiring a large amount of night work to fill the orders of other customers, to whom a preference has always been given.

The Directory will contain nearly 50 per cent more names than any previous one, besides a large amount of valuable statistical and other matter, making it an invaluable book of reference for every business man in the city. ERVING, BURDICK & CO.

Notices of Books.

We have received the following books from Kempshall, successor to A. Wilson:

The Martyr of the Pongas—a Memoir of Rev. H. J. Leacock, Missionary to Africa. T. Stanford, publisher, New York.

This book is an earnest tribute to the memory of one who was long a minister of the gospel in this country, but who, after removing to the West Indies, went from thence as a missionary to Western Africa, and after faithful service there, died, a victim to the coast fever, regretted by a large circle of friends in this country, and in the West Indies, and leaving behind him a noble record of good deeds.

The Dead Secret, by Wilkie Collins; Miller & Curtis, N. Y., publishers.

This is a very neat pamphlet edition of a popular tale, just completed, and published in the successive numbers of the Household Words for some months past. It is one of the best stories of the day.

We have both from Kempshall, and from Strickland & Co., copies of the following new books:

Appleton's Illustrated Hand Book of American Travel; by T. Addison Richards.

The design of this book is an admirable one, and after the correction of such errors as have crept into the first edition, will be a very full and reliable guide for travellers throughout the U. S. and Canada.

Its plan is to name routes of travel, with places to be visited, in journeys of three days to several weeks from New York, these brief itineraries referring to places in the book descriptive of the places to be visited by the way.

The publishers have placed blank leaves in each book, with a request to tourists to note down and forward to them such corrections as ought to be made. We notice the need of several in the chapter on Wisconsin—such as a description of the Dells—the extent of the railways—placing Milwaukee at the mouth of the "Wisconsin" river, on Lake Michigan"—the location of Madison,—the name of Manitowoc, &c, &c. But these will doubtless be corrected in another edition.

The book contains some very good cuts, illustrating places—(the picture of Lake Mendota is *not* one of them)—and many maps and plats of cities.

Street Commissioners Orders.—The Fifth Ward Aldermen have issued the following orders:

Park St.; grading and sidewalks for blocks 22, 24, 25, 30 and 31, and west side of block 13.

Pierce St.; south side of block 29.

Hanover St.; lots 8, 9 and 10, block 29, and lots 7, 8 and 9, block 19, and south and west sides of block 166.

Also both sides of Hanover St. from Scott to Railroad Street.

Also Madison St. from Hanover to Clinton.

Monroe from Scott to Railroad, to be graded.

The approaches to the Kinnekinic bridge to be filled.

A sewer to be built through blocks 10, 9, 33, 17, 34, 58 and 64.

The same Aldermen invite proposals till the 14th, for the following work: To grade the alley through block 10. Also, for grading and putting down the sidewalks on the east side of Greenbush st., from Gregory to Florida street. Also, for grading and paving with cobble or round stone, the alley through block 35. Also, for grading and putting down the sidewalk in front of blocks 56 and 58. Also, for grading and paving the alley running through block 11, all in Walker's point. Also, for grading the alleys through block 32, Walker's Point, and the alleys through blocks 12 and 8, Milwaukee proper. Also, to grade and put down the sidewalks in front of lots 12 and 8, block 13, Milwaukee proper.

The Sixth Ward Aldermen invite proposals, till the 17th, for grading the north half of Vliet St., from 3d to 7th St.

Also, for filling the following lots so as to abate the nuisance on the same:

Lots 9 and 10 block 45, Sherman's Addition.
Lot 4, block 38, Sherman's Addition.
Lot 13, " 11, " "
Lots 2, 3, 6 and 1, block 12, Sherman's Addition.
Lots 11, 12, 13 and 14, and alley between lots 13 and 14, in block 26.
Lots 1, 2, 3, 4, 5 and 6, in block 5.

Meagher's Lecture.—The lecture of Thomas Francis Meagher, on Saturday night, was fully attended, notwithstanding the excessive heat of the weather. His discourse was a master piece of eloquence, and was received with the most rapturous applause by all who heard it, though with his usual modesty he declared himself "wholly incapable to do justice to the subject."

It is needless to say, however, that the audience were of an entirely different opinion. His concluding remarks, relating to our city, was most flattering to Milwaukee. We will endeavor to publish to-morrow—space will not permit us to notice this eloquent discourse further at present.

A Nuisance.—We have been requested by several of the residents on Michigan Street, to call the attention of the Third Ward Aldermen to the filthy mud hole, at the corner of that and Main Streets, opposite Lowther's paint shop. Although Michigan Street is to be paved in a short time, yet this nuisance should not be allowed to injure the health of our city on that account. It is not only a dangerous mud hole, but it contains a conglomerated mass of all the filth that can be well thought of, which the scorching rays of the sun have reduced to the quint essence of putrefaction.

New York and Erie R. R. Fare Reduced.—The New York and Erie R. R. Company have again reduced their fare. Through tickets, from this city to New York, may now be procured for $20,50. The Erie road is in excellent order, and passengers by that route are entitled to the *free* use of Telegraph to order rooms, &c., in New York. The agent, Mr. H. O. Wilson, at 165 East Water street, will give all desired information.

The Circus.—Nixon & Kemp's Circus, with the Calliope, created considerable excitement in our city during the two days while it was here, and at each performance the large tent was crowded to overflowing. All who have witnessed the performance seem to be highly pleased, and we think it is certainly one of the best and most extensive travelling shows that has ever visited our city.

☞ At the meeting of the French Academy of Science, on the 25th of May, M. Ellede Beaumont announced the following novelties, viz: a method of reproducing animal life! a complete solution of the problem of aerial navigation! a project for a universal language! and a discovery of the cause, nature, and an infallible cure for the cholera.—*Exchange.*

Mr. Ellede Beaumont doubtless considers himself somebody, but we will match our industrious friend Charles Grotkin against him any day.

The Black Swan.—Miss Elizabeth Greenfield, whom many of our readers may remember to have heard in this city, some years since, is on her way West and will, in the course of her tour, visit Milwaukee. Her musical abilities are of the finest order, and she will give one, or more Concerts in this city.

Amusements this Evening.—At the Concert Saloon, at corner of Main and Huron Streets, there will be an interesting entertainment given this evening; the Smith children will appear. At the Milwaukee Garden, opposite the Market house, there will be a dramatic entertainment, and a concert.

Fresh Fruits.—We are again indebted to Messrs. Raymond & Spice, of No. 18 Wisconsin street, for ripe cherries, apples, tomatoes, and other good things too numerous to mention. They keep on hand a constant supply of all these luxuries, as well as early vegetables, fresh butter, &c.

Choice Cigars.—Mr. Marcus Otterbourg, has just opened a Cigar Store at No. 171 East Water St., (next north of Garner & Button's) offers to the smoking public one of the largest and best stocks of Cigars yet brought to this city. If you doubt, go and see for yourselves.

Common Council Proceedings.

MAYOR CROSS PRESIDING.

July 10, 1857.

A special meeting of the Common Council was held on Friday evening, to hear the report of the Committee appointed to canvass the returns of the election for the Hydraulic Loan Ordinance, to hear the report of the school committee, and also to consider the matter of establishing the salaries of city officers.

The Council resolved itself into committee on the whole to hear report of election committee.

The committee reported the following vote For and Against the Hydraulic Loan Ordinance.

Ward.	For the Ordinance.	Against.
1st Ward	40	17
2d "	63	99
3d "	200	80
4th "	223	5
5th "	42	31
6th "	22	20
7th "	150	31
8th "	8	15
9th "	11	162
Total	759	417

Giving a majority in favor of the Loan Ordinance of 372.

The Committee to whom was referred the matter of procuring suitable lots in the 5th, 8th and 9th wards upon which to construct public school houses, reported in favor of purchasing lots in the 5th Ward, on Grove st., of Chas. H. Larkin, to cost $3,000—in the 8th Ward lots 9, 11 and 12, in block 28, at a cost of $3,000, and in the 9th Ward suitable lots to cost $3,200.

Considerable opposition by members of the school house committee, arose as to the price and location of the lots in the 9th ward, and, on motion, that part of the report relating to this Ward was recommitted, and the balance of the report concurred in.

A resolution was offered by the same committee, and adopted, to purchase the above mentioned lots in the 5th Ward, of Chas. H. Larkin, and also in the 8th Ward of Jacob Beeson, for the prices abovementioned.

An ordinance passed to authorize the issue of City Bonds to the amount of $50,000, to construct school houses in said wards—and also a resolution passed authorizing the Mayor and City Clerk to negotiate the same.

After no small amount of discussion, the ordinance fixing the salary of City Attorney at $2500, and that of the Police Justice at $2,000—allowing the latter $500 for clerk—passed.

An amendment to the above ordinance was accepted, fixing the salary of the Chief of Police at $2,000, and that of the City Marshal at $500.

An ordinance amending an ordinance to establish the compensation of City Comptroller and City Clerk, was passed.

It fixes the salary of each at $3,000, allowing $1,000 to each for clerk hire.

Ald. Hadley reported from Harbor Committee.

A communication from City Surveyor, giving an estimate of the work already done on the Harbor, at the Straight Cut, amounting to $7,000.

Report concurred in.

An ordinance was passed to authorize the issue of City bonds to J. A. Hasbrouck, to the amount of $5,000, to apply on contract for completion of the Harbor at the Straight Cut.

An ordinance was passed to authorize the issue of city bonds to the amount of $50,000 to aid in the completion of the harbor at the Straight Cut.

Another ordinance was passed authorizing the issue of City bonds to the same amount for dredging and docking the Milwaukee river.

A communication was presented from Milwaukee & Beloit R. R. Co., asking permission for the occupancy of a portion of Mineral street, in the 5th Ward, for their depot, which was referred to R. R. committee.

A report from Finance com., returning certain coupons and city bond for cancellation was concurred in, and the same were cancelled.

An ordinance was passed authorizing the issue of city bonds to the amount of $1,000 for the construction of city bridges.

Sundry accounts were presented and referred to appropriate committees, and other business of a less important nature was transacted, when the Council adjourned at a late hour to Monday, the 27th inst.

Special meeting of the Board of Directors, called by order of the President.

Present—Messrs. Rood, Holton, Steele, Van Schaick, Mabbett and Bagnall,

Messrs. Kennedy, LeFevre and Nichols.

Resolved, That Edward E. Downs is hereby appointed Secretary pro tem of the Merchants & Traders' Insurance Company.

Resolved, That the President be authorized to employ a suitable person to act as General Agent for this Company.

There being no further business, the meeting then adjourned.

E. E. DOWNS, Secretary pro tem.

Lost,—A pocket memorandum book, belonging to Mr. A. D. Mower, was lost on the Watertown Plank road, between Wauwatosa and this city, on Friday morning last. Mr. M. desires us to say that the finder will be suitably rewarded by leaving the same at this office or with him.

Superb Strawberries.—We were indebted on Saturday, to Col. H. Crocker, for a mess of delicious Strawberries averaging from three to four inches in diameter. In point of size, flavor and beauty, they excelled any Strawberries we have ever seen, East or West.

Painting.—Should any of our readers want a sign painted, or a house painted, or anything in fact in the shape of painting, Messrs Dadd & Galloway will do it as neat and as cheap as any one in the city. See their card in another column.

Preservation of the Hair.—In all ages and among almost all tribes of men, a beautiful head of hair has been, and still is regarded as the fairest ornament of the fairest works of the Creator. The patrician dames and damsels of ancient and modern Rome bestowed that attention upon the hair which has added the crowning beauty to the *chefs d'oeuvres* of the sculptor and the painter, and no lady, and indeed no gentleman of modern times is unmindful of this exquisite shield and lovely ornament of the race. To maiden beauty it is the finishing touch—to manhood it is the symbol and warrant of strength and nobility, to-day as in the days of the patriarchs; indeed such it always has been and always will be.

But unable as we are to stand the ills of time and life, it often happens that through disease and misfortune we become grey in early life, and bald before we reach the full grace of womanhood. Then it is that, however much we may venerate the gray locks and reverence the wisdom of bald heads among the honored remnants of the generation of three score and ten, we know that our gray hairs are no more venerable than beautiful—while our bald heads are neither one nor the other, but, on the contrary, are quite the reverse of both, and impose upon us many social and sanitary disadvantages and discomforts.

Then it is that the man who can relieve us of the misfortune, and restore the fleecy locks to their original color and growth, becomes a real friend and benefactor, by the force of this single exhibition of his genius and skill. And much as we are opposed to empiricism, and empiric as we instinctively regard the pretensions of every one proposing to accomplish such a miraculous work, until we have seen the triumph of his undertaking; we nevertheless esteem it a pleasure, resting upon our absolute knowledge of its merits, to recommend Professor Wood's Hair Restorative as the best article of the kind with which we are acquainted, and one which has done, under our own observation, all that it claims—and it claims everything implied in its name.

This article, in short, will restore gray hair to its growth and beauty wherever any blight or disease have checked that growth or marred that beauty. This has been proven in our own family within a few weeks, and in numerous other cases related to us, without the knowledge of the proprietor. We have only to add, that this most valuable article is for sale by the proprietor, at No. 312 Broadway.—*New York News.*

Marine Intelligence.

Quick!—The three-masted schooner *Hans Crocker*, owned by W. B. Hibbard, was loaded Saturday from Truman Hibbard's Warehouse, with 14,000 bushels of Wheat, in just nine hours. This is making the most of "each passing hour."

Memoranda.—The propeller Louisville, of the Northern Transportation line, bound from Ogdensburgh to Lake Michigan ports, passed up yesterday with a good load of merchandise.

The propeller Edith, of the American Transportation line from Buffalo, bound to Milwaukee, touched here yesterday, on her way up. She had on a good load of freight and quite a number of passengers.

The propeller North America also touched here yesterday on her way to Green Bay, with a load of freight.—We believe she has been chartered by a Green Bay Company, to run between that place, Detroit, Cleveland and Buffalo.—*Det. Adv., 10th.*

OGDEN & WALL,
CITY LAND OFFICE.
City Land Office.
A GREAT chance to get a home and a homestead for a small amount of money. We have left with us a very beautiful cottage, neatly finished with all the conveniences necessary, containing some six or seven rooms—also a beautiful lot ornamented with trees and shrubbery, in a pleasant location, in First Ward. The said property is 40 feet—lot 4, block 136, 1st ward. The said house and lot will be sold at a great bargain, and if not sold by the 20th July, it will be sold at the City Auction Room to the highest bidder for cash.
jy2 OGDEN & WALL.
CITY LAND OFFICE.
WE REMIND our citizens again of the great sale of lots in Vliet's addition, Ninth Ward.—Every person who has lived in Milwaukee three months knows Vliet's Grove. The Addition which we are going to sell is part of that tract of land. For beauty its equal is not to be found in that whole region of country.
The sale of the said lots takes place at the City Auction Rooms on Wednesday, July 15th, 1857, at 10 o'clock.—Terms will be easy. We have maps ready and invite all who wish to obtain a map to call at our office and get one. This sale we consider one that will be of interest to all who have money to invest. There is no part of our city so rapidly filling up.
jy10 OGDEN & WALL.
Grand Real Estate Sale.
ON TUESDAY 28th of July inst., we propose selling at public auction a number of lots selected from every portion of the city. We have already some good business property which will be engaged in the list, as well as some choice spots for residences.
Persons desirous of offering property at this sale are invited to call at our office, give us a description of their lots, and fix the limit at which they will sell; if we get no bid over such limit the property will be withdrawn.
We are anxious to have the catalogue prepared at an early day, and request our friends to hand in their lists as soon as convenient.
jy9 OGDEN & WALL.
Hotel to Rent.
THE HAWKINS HOUSE, in the Fifth Ward, close by Walker's Point Bridge, is offered for rent.
This house is well located for a hotel—is favorably known, and has a good run of customers—it is fitted throughout with gas, has a good billiard and bar room, and is close to the depot of the Lake Shore road.
For terms, apply to Wm. A. Hawkins on the premises, or to OGDEN & WALL.
SALE OF LOTS
IN VLIET'S ADDITION TO NINTH WARD,
ON the 15th day of July next we will offer for sale at the City Land Office, on Michigan street, upwards of 5 hundred lots in the neighborhood of Mr. Vliet's residence. The constant demand on Mr. Vliet for small portions of his tract has finally induced him to lay out a part of it in lots—so that those desiring to purchase may have an opportunity of selecting such as they choose, and in order to afford an equal chance to everybody, we will sell none at private sale, but will put them at public auction. To those who know the spot, it will be sufficient to say that the lots are for sale. To those who do not, and are seeking for lots on which either to build, or to speculate, we say look for yourselves, and judge whether any of the places now offering in and about the city, can compare with this. june26 OGDEN & WALL.

City Land Office, Michigan St.,
IN THE ALBANY, opposite the Newhall House. We are now prepared to sell lots in Larkins' Addition, in First Ward, at private sale, and we would advise all who want to secure themselves a lot at a low price and on very easy terms, to come and get a map of Larkin's Addition. LATEST NEWS!

BY MAGNETIC TELEGRAPH.

Additional by the Anglo-Saxon.

New York, July 11.

France.—It was intimated that Gen. Cavaignac would rather not present himself a second time to the electors of Paris, and that propositions had been made to distinguished members of the Paris bar to take his place, but that they were not accepted. Several of the defeated opposition members threatened to confess the regularity of the returns of their opponents.

The Paris correspondent of the Times says that the Slidlians, whose arrest was noticed by the last mail, will be tried for conspiracy to assassinate the Emperor.

The Daily News says, although Lord Clarendon has not official information of the facts, yet it is nevertheless true that the French Government have entered into a contract with a Marseilles house, for a supply of 10,000 Africans for Guadeloupe and Martinique.

Spain.—The Madrid correspondent of the London Times says that Senor Lafarugne, the Mexican envoy, had handed to Senor Pedal, a sort of ultimatum, for the settlement of the pending difficulty, and that the latter had promised to send a counter memorandum, on the nature of which would depend much of Senor Lafarugne's further stay in Madrid. The same correspondent also gives a rumor that letters of Marque had been sent from Mexico to the United States in anticipation of war.

China.—The dates from Canton river are to the 8th of May. Several attempts had been made to burn up the ships there, one of which was nearly successful. No military operations could be undertaken before October 1st, owing to the heat and weather.

The dates from Foo Choo are to the 30th of April, and mention the near approach of the rebels, causing considerable uneasiness among the merchants and wealthy people, who, removing their property, a stoppage of trade was anticipated, and no operations in teas could be carried for the next season.

India.—The overland mails had arrived at London with voluminous acts confirmatory of the telegraph announcement of the mutiny in the Indian army. The details are somewhat less alarming than the bare telegraph accounts of the movements which will be confirmed to Delhi.—The troops were marching from Esleve against the town mutineers on the Punjaub, and every precaution had been taken to trample out the first spark of treason.

The London commercial daily list had learned that a report was current in well informed quarters, that Goot was in possession of news from India that tranquility was restored.

The North Star sailed to-day for Southampton and Bremen. She took out 200 passengers and $65,000 in specie. Among her passengers are G. H. White, U. S. consul to Lyons; J. R. Dillon, consul to Bremen, and Monsieur Faroot, the French railroad swindler, and Christy's old band of Minstrels.

The steamship Edinburg sailed for Glasgow with 140 passengers.

"FACTS ARE STUBBORN THINGS."
WEST'S
PATENT GALVANIC CEMENT FOR ROOFING!
IT MAKES a better Roof than Tin, at less than half the cost. Those who know it best speak of it in the following terms:
We were present at the disastrous fire in Salina, last fall, and took particular notice of the effect of the fire on "West's Galvanic Cement" Roofs. The composition was fireproof. Burning boards and cinders fell on the roofs, and did no harm. The inside of the buildings were burned out, and the roof boards almost entirely consumed, before any fire would break through the roofs.—It will resist fire longer than tin, and there is no other kind of roofs that are so entirely proof against water.
Syracuse, March, 1857.
Alexander Duff, A. Crippen,
G. J. Johonnot, Elmer P. Morse,
P. Ford, James Johonnot.
The superior claims which this Elastic Composition
Fire and Water Proof Roofing,
Has over the various ordinary Cements and Compositions which have been offered to the public; consists in the FACT which it has proved for over *fifteen years worthy the confidence* of those who have given it a trial, and to this FACT we attribute the general favor and universal patronage it is obtaining in this City and State.
To all who are erecting new buildings, that would if possible, at a reasonable price, avoid the perplexity and annoyance of *defective and leaky roofs*, and secure such as will be a *perfect protection from the elements*, we submit the following facts and conclusions:
To the Proprietors of West's Patent Galvanic Roofing:
Gentlemen:—We are some of the numerous property holders of this city, who have availed ourselves of the advantages which your Elastic Composition Roofing Material affords, and we most cheerfully and unhesitatingly say, that our experience and observations thus far, fully fully sustain and corroborate the *proof* you have heretofore presented to the public, through the Milwaukee press, of the *superior claims of your roofing material:*
J. B. Cross, Daniel Newhall, Alanson Sweet, E. B. Wolcott, E. Button, O. Alexander, M. A. Krug, R. Heller, Ernst Herzer, F. A. Hallmann, builder, Timbetts, Starkweather & Co., J. H. Turcy, Wm. P. Young, John Rosebeck, B. & S. Staats, Th. Wetstein, Babcock, Bros., builders, W. H. Metcalf, C. Pfister & Co., Haven Powers, G. A. Starkweather, J. B. Weld, Chapin, Gregory & Almour, Baker & Isham, Charles R. Austin, J. H. Silkman, Martin Curtis, Elisha Starr, P. Lowe, W. P. Merrill, H. Ronlie, builder, Ch. Preusser, F. Rouldis & Co., Geo. F. Austin, H. A. Nichols, Martin & Rugee, builders, H. H. Camp.
Within the past year, I have paid THREE HUNDRED AND SEVENTY-THREE DOLLARS for repairing leaky and defective roofs. The composition used for such improvements is known as *West's Galvanic Cement* for roofing. I am so well satisfied of the *value received* for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan streets. ALEXANDER MITCHELL.
During the winter of 1856 and 1857, I had West's Galvanic Cement Roofing applied to the Excelsior Block, erected on the corner where the United States Hotel was burned. This roofing, although yet in an unfinished condition, having only about one-half the composition of a complete roof, and that in the most unfavorable season, is in all respects answering the purpose of a complete roof. These facts, together with many others within my knowledge, are such that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most perfect and reliable article for covering buildings, that has been offered to the public. J. B. CROSS,
Mayor of the City of Milwaukee.
I have had the composition above referred to applied to the Newhall House, during the past winter, and my experience, knowledge and opinion correspond with and fully corroborate the above facts and conclusions.
DANIEL NEWHALL.
From our knowledge of the composition for covering buildings, known as West's Galvanic Cement for roofing, which has been very extensively used in this city the past year with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use, and worthy of the fullest confidence of the public.

JOHN CARLISLE & CO.,
Proprietors of W. E. Child's & Co's
PATENT ELASTIC FIRE & WATER PROOF
CEMENT ROOFING,
Office, No. 249 Main Street, 1 door North of Wisconsin
THE undersigned are now putting on this Celebrated Roofing Material, in this city and vicinity and are prepared to contract with those who may wish a cheap and durable roof; one that has not only been THOROUGHLY TESTED, but has rendered perfect satisfaction wherever it has been tried, and so confident are we of its superiority over all other roofs, we do not fear or hesitate to warrant it for years. It is perfectly elastic, flexible, fire and water proof. It will not crack, melt, or rot—it contracts and expands with the change of the atmosphere—in fact this
Roofing is Practically Imperishable.
It is applied by laying saturated felt paper, a body of itself, (separate and independent) on the roofing boards (or as it is commonly called sheathing) over the paper, the canvass; on this the cement is applied, which becomes thoroughly saturated, thereby being no possibility of the material cracking by the shrinkage of the timber underneath. It can be applied to old tin, iron, zinc, tin and gravel roofs, making no difference how steep or flat they may be.
We invite those who are interested in getting a roof that will stand the test of cold or hot weather without being the least affected, to call on us and satisfy themselves by examining our specimens and roofs that have been put on in this city. We ask the attention of Architects, Builders and all others, to the nature of this roof and court thorough investigation, feeling assured that we are presenting to the public an article worthy of their attention.
We have put roofs on for the following gentlemen in this city who have given us the liberty of referring to them in regard to the good qualities of our Cement, viz:
Messrs. W. A. Conway & Co., Steam Planing Mill, Third Street, near Clybourn.
Messrs. Crampton & Oakley, " " " Fowler street, between 4th and 5th.
Messrs. W. S. Babcock & Bro's, Master Builder, 2d st., between Sycamore and Clybourne.
Mr. F. A. Hallman, Master Builder, residence 5th st., between Spring and Wells.
Mr John Marquis, Master Builder, corner Jefferson and Martin sts.
Mr. George Southwell, residence on Jefferson st., between Division and Knapp.
Mr. John P. Harris, contractor and builder.

400 Desirable Dwelling Lots For Sale.

THE SUBSCRIBER has completed the survey and plat of his subdivision in the Eighth Ward, and now offers them for sale. These lots are within ten minutes walk of the Harbor, the Beloit, Lake Shore and the Milwaukee & Mississippi Depots, about the same distance from Walker's Point bridge as Chestnut and Division streets on the north.
These lots are situated upon a level plateau commanding a beautiful view of the City, Bay and surrounding country. The soil is sand and gravel loam, sufficiently rolling to afford drainage without deep cuttings. The location is every way desirable for pleasant homes. The Ward already numbers some of the best dwellings in the city and for salubrity and beauty of location, ranks second to none in the city.
Great Inducements will be offered to parties intending to build the present season, and to all persons wishing to make investments, that are certain to speedily return several hundred per cent profit, an opportunity is now offered.
It is confidently believed that no property has been offered for sale in this city within the last five years promising so certain and large an advance.
The public are invited to examine the property, an agent will be on the grounds from 9 to 12 A. M., each day, to give all necessary information.

MEDICAL.

R. R. R.

THREE GREAT LIGHTS.

Mankind have long been engulphed in darkness, as regards the true means of securing health—ridding the human body from disease, and preserving life. The sick, under the fallacious treatment of the regular faculty, are subject to a continued practice of probabilities and uncertainties. There is nothing certain or fixed in the treatment of the sick either in the old or new school of medicine.
Dr. Radway has succeeded in producing three remedies —known to the world as Radway's Ready Relief, Renovating Resolvent and Regulator. These remedies are not only established facts, inasmuch as they have never yet failed in their special or combined efficacy in producing fruitful and beneficial results—but, they are facts establishing a science—as the have in all cases, "when tried," succeeded in restoring to health—and ridding the body from disease after all other medical treatment had failed —and the most skilful physicians had given up the sick as beyond the power of human means to cure—and pronounced the dreadful mandate—incurable.
Radway's Remedies are therefore fixed facts in the archives of medical science—they have been "often tried" —"never denied"—and are ready "to be tried again."

FIRST GREAT LIGHT.

RADWAY'S READY RELIEF.
As a Special Remedy to be used in all cases where the human body is seized with the torturing pangs or paroxysms of pain—no matter what the cause of the pain may be, or where it may be located—an application of the Ready Relief, either internally as a drink, or externally as an alleviator, will, in a few minutes, restore the afflicted body to ease and comfort.
In all cases of Bowel Disorders, Dysentery, Cholera, Bloody Flux, Sick Headache, and other Nervous Affections, Neuralgia, Rheumatism, Sprains, Strains, Tooth Ache, Burns, Scalds, Wounds, Shot Wounds, Bruises, Cuts Poisoning, either by the bites or stings of Reptiles, Insects or Vegetable or Mineral Poisoning by accident—in all cases and under all circumstances where the human system is tortured by Pain, Radway's Ready Relief can be relied upon as a quick, safe and certain Remedy.
In cases of Billiousness, Billious Fever, Typhus Fever, Ship Fever, Yellow Fever, Fever Ague, Scarlet Fever, and all malignant Fevers, Small Pox, Measles, Pneumonia, Radway's Ready Relief, used in connection with Radway's Regulators, will cure the positively sick, afflicted with those disorders, and protect the system against sudden attacks when either of these malignant diseases prevail.

SECOND GREAT LIGHT.

RADWAY'S REGULATORS.
The discovery of these wonderful pills establishes a new era in purgation, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced—they operate naturally leaving the bowels, liver and other organs in a natural and a healthy condition.
They insure those who take them a good appetite and healthy digestion.
Each pill that is taken gives new life to the blood—they purify it, take from it all impure deposits, and equalize its circulation.
One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities, or weakening discharges, may rely upon a prompt cure and Regular Periods, if Radway's Regulators are taken.
Every dose of Radway's Regulators that is taken instills new strength within the body of the weak, feeble and infirm. All who take are delighted with the happy change they experience in a few hours. The dispirited and melancholy feel joyous and happy; the sick and debilitated, strong and vigorous.

THIRD GREAT LIGHT.

RADWAY'S RENOVATING RESOLVENT.
Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Appoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission or inoculated by exposure or otherwise.
There is no remedy in the world that will work such miraculous cures in old diseases as Radways Resolvent. It changes the whole human body—reproduces new and healthy blood.
☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.—
☞ Sarah Hammond, of 138 East Thirty-second St., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.
☞ A sore leg of 21 years, cured in three weeks, by Radway's Relief. Mr. T. H. Hilge, a merchant of high standing in Dalonega, Ga., says: "That a gentleman, who for 21 years had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators.

THE THREE GREAT LIGHTS

RADWAY'S RELIEF—REGULATOR—RESOLVENT.
In all constitutional diseases, and where the constitution is broken down, or the body in a rapid state of decay, or the system inoculated with the virus of disease, either by the violation of the laws of health, intemperance, excess and indulgence of the passions, or by, hereditary transmission, as in cases of Scrofula, Consumption, Rheumatism, Gout, Fits and other heirlooms, which a long line of ancestry has so bountifully and richly bestowed on posterity, as a memento of the past, at the cost of the suffering inheritors. These Remedies, in their trinitary capacity, possess a curative power that no disease can withstand; their combined effect will eradicate from the living body every particle of diseased matter, renovate the whole system with health; heal the unsound, decaying lungs, or other organs; cleanse and purify the unclean from all impurities.
To the disabled wayfarer, who is crippled with infirmities we invite you "to try" these remedies. We will vouch for their efficacy.
With many hundreds of others who have witnessed and felt the effect of the "Three Great Lights," and as they rule and govern those bodies which they are destined by the Almighty Power, so these three Remedies stand as Rulers, Conquerors and Grand Masters of all diseases.

An the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on those strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.
NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.
CAUTION!
The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
